DISCOVER JAPAN

Imagine standing beneath the cherry blossoms in Kyoto, riding the shinkansen at 300km/h past the snow-capped peak of Mt. Fuji and witnessing the glow of Tokyo's neon lights.

Japan is a place where centuries-old temples sit in the shadow of skyscrapers, where the world's most refined cuisine is served in a laneway, and where every encounter leaves you wondering how one country got so much right.

Join us as we take you deeper into this remarkable country; what to see, when to go, how to travel, and why it just might be the trip of a lifetime.
